## Intern Digital Product Management

MUNICH, GERMANY

### Job description

As Intern Digital Product Management at FINEWAY, you will actively support our Product Owners and Product Team **transforming business requirements into innovative products our users love**. This includes:

- Developing & implementing product strategies & roadmaps consistent with the company vision & commercial objectives.
- Ensuring we meet our product goals in terms of time, quality & cost.
- Breaking down ideas & product requirements into ready-to-implement user stories.
- Specifying new features for designers & developers in a pragmatic, but conscientious way.
- Fighting for consistent, CI-compliant designs & implementations.
- Identifying & prioritizing features from customer feedback, concept tests, analysis tools & A/B tests.

### Requirements

- Currently pursuing a BSc/BA or MSc/MA in Computer Science, Engineering or a related field.
- Good understanding of the commercial drivers of a digital business.
- First relevant experience in product management or in a tech-driven environment is a plus.
- Passion for mobile & web technologies in a UX-driven environment.
- Basic practical understanding of Scrum, agile methodologies & roadmapping.
- A quick mind with a problem-solving aptitude, creative & pragmatic.
- Proficiency in German & English, excellent communication skills.

### What to expect

- A top international team with a multiple award-winning product.
- An environment for your growth: open doors, flat hierarchies and full transparency.
- An attractive compensation package and clear development paths for your career.
- Professional training & coaching for further education, Brown Bag sessions, and much more.
- Flexible working hours and a top-equipped workplace in the middle of Munich.
- Fresh fruit, healthy breakfast, regular joint lunches and team events.
- Greatly discounted travel conditions and other travel-related benefits.
